

# The Dose

JULY  
2024

The Merrick Group, Inc.

## FALL OUTAGES

**BRUNNER ISLAND**

**VOGTLE**

**ROBINSON**

**WATTS BAR**

**OCONEE**

**COMANCHE PEAK**

**SEQUOYAH**

**VC SUMMER**

**CATAWBA**

**BROWNS FERRY**

**MCGUIRE**

Our work takes us to some beautiful places. Check out these shots that were captured in Montana & Tennessee while crews were on jobs at Colstrip Steam Electric Station and Sequoyah Nuclear Plant.

If you know someone who would like to join the nuclear industry or is an existing nuke worker and wants to work with Merrick, be sure to contact Brian Stackhouse (HX) or Rhonda Lambert (ECT). We have an employee referral program and are currently staffing for Fall 2024. No experience necessary!

# INDUSTRIAL SAFETY

Perform a 2 minute drill every time

Approach every task with the mindset that all accidents are preventable

Always adhere to signage & postings

Use correct PPE & Tools

Review lessons learned and OE when planning work and during pre-job brief

Ensure equipment is safe to work on

STOP when unsure

Know your personal limits both mentally & physically and don't try to do more than you should

Comply with chemical requirements

Be alert for changing conditions

Be willing to coach your peers and be open to receiving coaching from others

Positively recognize safe practices

Store tools & equipment properly

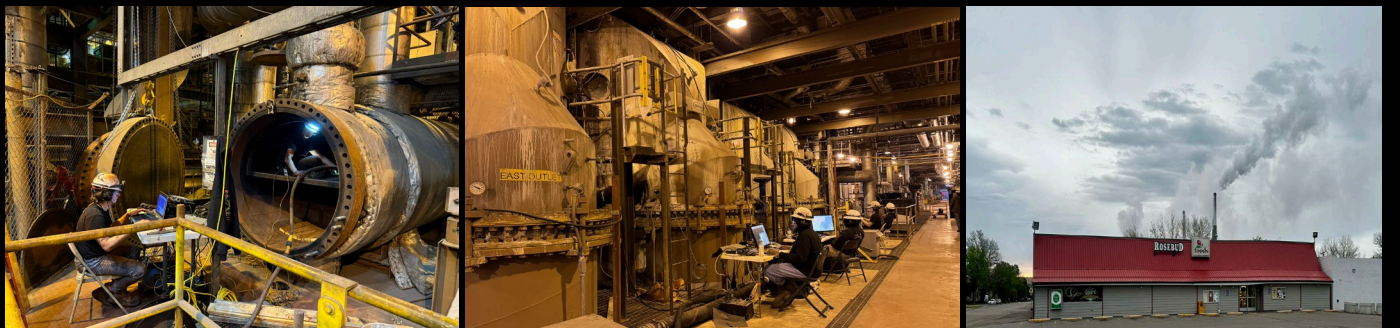

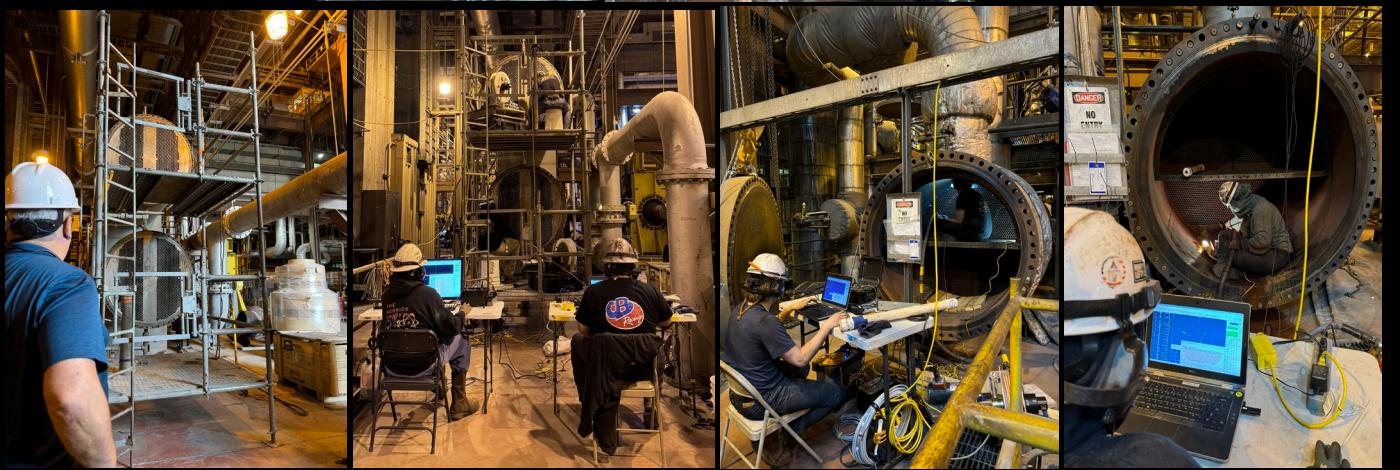

Maintain good housekeeping to avoid additional hazards being created in the work area

Verify all fire doors are latched

Be responsible for your own safety and the safety of your co-workers
